# CONTRACT

• The Monster Detective Agency •

The **Detective Agency** appoints the brave child who signs this contract  
Detective of the Monster Agency.

The Agency's signature:

Beginner detective's signature:

Date: \_\_\_\_\_

The present contract will remain valid until it is torn into tiny pieces, eaten by a dog, burned, soaking wet, electrocuted, melted, self-destroyed, or ruined by other natural causes (or not).

**Fine print about the Monster Detective Agency contract:**

The detective promises to tell his or her friends about his or her adventures while playing the game **Little Monster Detectives** and will encourage them to play with him or her.  
Also, detectives will surely want to show off their monster drawings to other detectives. Therefore, the senior detective will be in charge of publishing them in the Detective Agency on any social network with the hashtag #littlemonsterdetectives or #LMD. The rest of the fine print is just for looks, mostly because we don't know what else to write. So we'll leave it at that. Of course, abiding by what the fine print says is entirely optional.

The present contract will remain valid until it is torn into very tiny pieces, eaten, burned, worn out, electrocuted, melted, self-destroyed, or ruined by other natural causes (or not).

The objects described in the following text box belong and will belong to the detective until they are erased by an eraser, and the star points will only be valid as currency for the Agency.

**Fine print about the Monster Detective Agency's contract:**

The detective promises to "like" Little Monster Detectives on Facebook and add them to Google+ in order to read all the little things people publish. Also, detectives will surely want to publish their drawings on the Little Monster Detectives page or on any social network with the hashtag #littlemonsterdetectives or #LMD. The rest of the fine print is just for looks, mostly because we don't know what else to write down, so we'll leave it at that. Of course, abiding by what the fine print says is entirely optional.
